Westminster's partnership with SHINE SA since 2010 has contributed greatly to the quality of our teaching and learning, and the good health and wellbeing outcomes for our young people. Our students are now better informed, and demonstrate safer and more respectful and inclusive social skills. We are grateful of the diligence and professionalism of SHINE SA workers.

Opened my eyes about sexual education in schools and how we can go about it.

Wonderful materials and practical lessons – not just telling us ‘how to do it’ but showing us.

A most informative, practical course – so many clear ideas to extend our program and great activities for engaging learning – feel a lot more confident about what I am doing – Thank You!

Additional support for all schools can be negotiated: for parent information evenings; workshops for teachers of students with disability; working with Aboriginal students; annual updates; Sexual & Gender Diversity.
