Cervical Screening Provider Course

This course, which provides the knowledge and skills necessary to become a Cervical Screening Provider is suitable for registered nurses, midwives, doctors, Aboriginal Health Practitioners and enrolled nurses. Participants who work within a general practice or community health service and who require cervical screening skills as part of their practice will benefit most from the course.

Theory

The theory component comprises an online learning package and an 8.5 hour face-to-face workshop. It is compulsory to complete the online assessment prior to attendance at the workshop. The workshop includes consultation, opportunistic STI testing and clinical skills development with a Sexual Health Teaching Associate.

Clinical

Approval as a Cervical Screening Provider involves the development and assessment of clinical skills and competencies, history taking, assessment and follow-up. It is a 2-phase process lasting approximately 4 months. For more information on these processes please visit the SHINE SA website.

SHINE SA Approved Cervical Screening Preceptor Program

Registered nurses/midwives and doctors experienced in cervical screening are invited to apply to be Cervical Screening Preceptors for course participants developing Provisional Competency. The approval process for Cervical Screening Preceptors requires demonstration of advanced cervical screening practice and undertaking a brief self-paced online training program (approx. 1 hour).

COST: $620 (Theory) $760-899 (Theory and Clinical)
WHERE: SHINE SA, 64c Woodville Road, Woodville
