

## 2021 COURSES FOR DOCTORS

## Increase your knowledge and skills in the area of sexual and reproductive health.

### Sexual and Reproductive Health Workshop

This course will provide a foundational understanding of sexual and reproductive health in general practice.

The Sexual and Reproductive Health Workshop is a 1-day workshop for doctors early in their career looking for an introduction to sexual and reproductive health. The workshop is designed for GP registrars based in hospital or in their first year of general practice placement. It's also suitable for doctors new to general practice in Australia.

**Cost:** \$670

### FPAA National Certificate in Reproductive & Sexual Health for Doctors

Expand your knowledge and develop practical skills in the delivery of sexual and reproductive health care.

This nationally accredited course consists of a 5-day theoretical module followed by 7 to 9 clinical training sessions. The theoretical component of this course covers the latest clinical research, interactive case discussions, reflective learning and more. The course covers contraception, sexually transmitted infections, common andrology and gynaecology presentations in general practice.

**Cost:** \$1995 | **Clinical Placement Cost:** \$1000

### Contraceptive Implant (Implanon NXT) Training for Doctors

Develop contraceptive implant insertion and removal skills and improve your understanding of counselling, assessment and complications.

This interactive session incorporates theoretical instruction and simulated practical application.

**Cost:** \$130

### IUD Insertion Training

This interactive course covers the skills necessary for successful IUD insertion, assessment and management.

Our IUD Insertion Training is a blended training program with an online and face-to-face component. The training delivers the theoretical and clinical knowledge necessary to become a confident IUD inserter.

**Cost:** \$1365

### IUD Insertion Train the Trainer Program

This program supports doctors to educate and assist other clinicians in IUD insertion.

This training is aimed at medical practitioners who are currently very experienced in IUD insertions and are interested in becoming a trainer for other doctors in IUD insertion.

**Cost:** \$895

### Cervical Screening Provider Course

Develop the knowledge and skills necessary to become a Cervical Screening Provider.

This course include online learning and assessment, a face-to-face theory workshop and optional clinical component.

**Cost:** \$635 - \$920
